

**BRAIN ANEURYSM
FOUNDATION**

Raising Awareness. Ending Fear.™

Dear _____

I'm writing to you to ask for your support for a cause that is important to me and that I wish to raise more awareness of in our community. It is estimated that up to 1 in 50 people in the U.S. will develop a brain aneurysm during their lifetime. Brain aneurysms are a silent killer because they often present with no prior symptoms or whose symptoms are often ignored or misdiagnosed. Brain aneurysms are treatable, which is why identifying an aneurysm before rupture is critical. With research and appropriate scanning, we can all get a step closer to preventing ruptures, disability, and death.

The Brain Aneurysm Foundation is the largest private funder of brain aneurysm research. The foundation is committed to continue funding researchers across the US and Canada until a major life altering breakthrough is found. The foundation through its years of dedication to this disease has become the globally recognized leader of brain aneurysm awareness, support, education, advocacy, and research funding.

On September 15, 2022, I hope you will join me in supporting the Brain Aneurysm Foundation Day of Engagement by making a gift or offering a percentage of sales to be donated to the Foundation.

With your support, we can continue to help fight the devastation caused by brain aneurysms and save lives right here in our community. Thank you in advance for your consideration to raise awareness and funds during the Brain Aneurysm Foundation Day of Engagement on September 15, 2022.

If you have any questions please reach out at the contact information below.

Sincerely,
